DETAILED ACTION

Claim Objections

1. Claims 4 and 5 are objected to because of the following informalities:

In claim 4, line 3, it appears reference numeral "16'" should be deleted to remain consistent with the other claims.

In claim 5, ending punctuation is missing, please add a period in reply.

Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Kroeze et al. (US Pat. No. 3,938,674).

See the attached marked up copy of Kroeze et al cover sheet depicting the claimed features.

Allowable Subject Matter

3. Claims 2-14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
